

Makes The Hair Grow

We are talking about Ayer's Hair Vigor. Just note that word "Ayer's." You are perfectly safe with it. No harm to you or to your hair. Makes the hair grow? It certainly does. Stops falling hair, too. Remember, it's "Ayer's" we are talking about. Ask your doctor about your hair and about Ayer's Hair Vigor. Get his approval. Your own doctor and "Ayer's" make a strong combination. It means faith, confidence, satisfaction.

THIRTY-TWO KILLED BY EXPLOSION IN TEXAS

SAN ANTONIO, Texas, March 19.—Thirty-two persons were killed and fifty injured by an explosion in the railroad shops here yesterday. The victims of the accident were strike-breakers who were taking the place of strikers. The monetary damages caused by the accident amounted to \$200,000.

The explosion was caused by the carelessness of one of the employees, who lost his life in the accident, in injecting cold water into a hot boiler. The investigation following the accident shows that the man who caused it was ignorant of how to handle the boiler, and that the explosion was purely accidental.

Suspensions that the explosion might have been caused by the men on strike are declared to be without any foundation.

NUMBER OF PLAGUE RATS AT HONOKAA

Between forty and fifty rats infected with plague found in Honokaa and vicinity in one week, was the first noticeable result of the largely augmented campaign rodents on that portion of the Big Island.

Doctor Pratt, president of the board of health who returned Saturday from Hilo, confirmed the report which had recently reached the city, and while admitting that this was an unusual number, stated that the board of health considered it to be not dangerous and largely to be expected. Such large percentages occur frequently, he said yesterday, to be followed by seasons of no infected rats being discovered.

Onions from Kauai arrived on the Mauna Loa Sunday, and were distributed to local retailers yesterday by Market Superintendent Starrett.

READY FOR FIGHT OR FROLIC, FLEET SAILS WESTWARD

Tired Grimy Men on Big Cruisers
When the Ships Leave for
Olongapo.

There was a tired and grimy lot of men to sail away from Honolulu last evening on the cruisers California, South Dakota and Colorado, but they were a happy crowd, for they were leaving Honolulu behind and were bound for pastures new. Two thousand, two hundred and fifty tons of coal were taken on board the ships from seven o'clock yesterday morning until two in the afternoon, and 380 tons of stores were stowed away. That will show how willingly the men worked in order to sail at the specified time.

Shortly after four o'clock the California got away from her wharf, and the Colorado with her full coal bunkers and stores, followed between five and six. The South Dakota was the last to cast off her lines. She went to sea between six o'clock and half after the hour.

Tumbles Overboard.
There was one laughable incident with the sailing of the South Dakota. A man fell overboard from a boat while reaching for a hawser alongside the wharf, and had to be pulled out by a companion, as in his exhilarated condition he could not climb out of the water by himself.

Once outside the harbor the cruisers picked up their boats and launches and by eight o'clock they had started on their long cruise. The supply ship Glacier sailed soon after the fleet had cleared the harbor, and is understood to be heading for San Francisco to pick up more supplies which will be taken to the Far East for the cruisers after their arrival in Oriental waters. The supply ship Buffalo is now in the Orient, having reached Manila from Shanghai February 1.

There were hearty leave-takings during the afternoon, and a large number of sailors bade farewell to feminine friends before the final sailings. More of these "navy widows" were gathered near the berth of the California than any of the other ships, which may or may not show that the men on board are more popular with Honolulu maidens than are their brothers.

Before sailing, Rear Admiral Southerland said that he expected the Maryland would rejoin the fleet in Philippine waters. The cruiser is now at Amapha, Honduras, according to cable information received by the commander in the morning.

Nearly all the navy women, wives of the officers, will leave Honolulu in the near future and the majority of them are going back to the mainland while a few may go to the Far East to join their husbands there. One of those who returns home is Mrs. Gormley, wife of Lieutenant Gormley, flag lieutenant to Rear Admiral Southerland. She is returning to Georgia, and will be about as far from her husband as it is possible to get.

MIDSHIPMAN WEDS HAWAIIAN BELLE

Midshipmen of Uncle Sam's navy are not supposed to marry, but Midshipman Samuel Wilder King, U. S. N., attached to the U. S. S. South Dakota of the Pacific fleet, was married yesterday at noon to Miss Pauline Nawahinekalai Evans, a daughter of Hawaii. Canon Ault of St. Andrew's Episcopal Cathedral spliced the bonds of matrimony.

Midshipman King obtained Uncle Samuel's consent to his marriage, and no naval regulations were broken. When news reached Honolulu through The Advertiser that the fleet was to go to the Philippines, Midshipman King decided that if it were possible he would marry his fiancée before leaving. He saw Admiral Southerland about it, and in consequence a cable was forwarded to the navy department at Washington asking leave to lead a young lady to the altar. Admiral Southerland received a favorable reply yesterday morning and at noon the ceremony was performed.

Only the immediate families of the bride and groom were present. The bride was attended by Miss Helen H. King as bridesmaid, Midshipman F. H. Kelley, U. S. N., acting as best man. The bride was given away by her brother, Luther A. K. Evans. The honeymoon was of short duration for at four o'clock the groom sailed away in his ship for the Far East. Mr. King will leave in the transport Logan April 13 for Manila to join her husband who expects to be detached from the Pacific fleet and assigned to duty with the Asiatic fleet.

The marriage is the culmination of a seven-year engagement entered into when the groom left Honolulu for the naval academy as Hawaii's representative in the navy. Midshipman King is the son of the late Captain J. A. King, minister of the interior under the Republic of Hawaii. His mother is a daughter of the late Justice Robert G. Davis of the Hawaiian supreme court. The bride is the daughter of Mrs. Hana K. Evans.

TAFT SPEAKS OUT.

BOSTON, Massachusetts, March 18.—President Taft in a notable speech here today declared in favor of the plan for State presidential preference primaries under certain conditions. He attacked the recent sensational assaults upon the judiciary of the United States.

SHOULD BE PLEASANT TO TAKE

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from leaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by Benson, Smith & Co., Ltd., agents for Hawaii.

IF YOU are at all interested in Home-Mixed Fertilizers

TUG AND SCOW SENT OVER TO KAHULUI

Hawaiian Dredging Company Prepares to Dredge Main
Maui Harbor.

In tow of the Hawaiian Dredging Company's tug Helen, a scow was started for Kahului yesterday, to be used in the company's dredging operations which are to begin next month. A number of workmen will be sent to the same port on today's island steamer to rig up quarters for the men and to build storerooms for tools and other supplies. In about ten days the big dredger Governor will be sent over and some time in the first part of April, the company will start work on its \$135,000 contract.

Kahului's harbor will be dredged out materially and opened up so that it will become a safe port, particularly after the breakwater is extended. The war department has backed up the claims of Mauians that Kahului may become one of the big shipping ports of the Islands, and has freely recommended large appropriations to congress. The latter body has endorsed the development projects, and the items asked for have not been cut to any extent.

"WARM UP" SPANISH SOCIETY CLUBHOUSE

The new clubhouse of the Victoria and Alfonso benevolent society, the recently organized Spanish association, was duly opened last Sunday with as pleasant a house-warming as has been noted for many moons. The clubhouse, which will be used by the society's offices, is on upper Punchbowl street. Speeches were made by Senor Ignacio Arana, Spanish consul at this port, A. de S. Canavaro, the Portuguese consul, Doctor Gaspar, Joseph Rose and others. The general sentiment of all the addresses was the convenience of harmony and united action between the two families of the great Iberian race. All the speakers agreed as to the general advantages such an organization as this one would have among the local Spaniards.

PRETTY STAGE BELLE WEDS A CITY BEAU

Miss Alma Murphy, who came here as a member of the Harry Corson Clarke Company, was married yesterday afternoon to A. Half, of M. McInerney, Ltd. The bride was one of the most beautiful and popular members of the Clarke company. Mr. Half is a recent arrival here, who has decided to make Hawaii his home.

Harry Corson Clarke, of whose company the bride was a member, has about concluded that he holds the record for losing members of his company by the marriage route. Miss Murphy is his latest loss, but he has had quite a long list of others. "I have been called a theatrical matchmaker," says Clarke, "but it is my misfortune that the young ladies of my companies are always taken and married."

The wedding at the Young yesterday was not a surprise to the members of the company. The ceremony was performed by the Rev. Father Stephen, in the parlors of the Young Hotel.

VICTIM OF BULLET RESTORED TO HEALTH

Among the passengers returning to the Far East by the China is A. R. Kepler, a missionary, who was shot while doing Red Cross work near Hankow at the time of one of the heavier battles which raged around that city. A bullet entered his head coursing around to the base of the skull and finally lodged under his left shoulder blade.

He was taken to a temporary hospital at Hankow where the bullet was extracted, but when he was able to leave he found that the side of his face and head were paralyzed. He went to Baltimore for treatment by a specialist and has now recovered entirely.

AID EARLY MARRIAGES.

BOSTON, March 16.—The state should assist poor young men to marry between the ages of twenty-one and twenty-five years, is the opinion of Prof. William F. Boos of the Massachusetts General Hospital. Speaking before the Twentieth Century Club, he said: "Early marriages are calculated to raise the standard of chastity. Young men should be aided financially in marrying early if they cannot without undertake the responsibility. More botany, biology and sex hygiene in the public schools would be worth 100 per cent more than all the grammar, algebra, history or geography and Greek put together."
